# **SOFTWARE**

# **Powered by**

## **ABBYY FineReader 12.0 Sprint**

Industry standard TWAIN and WIA drivers combined with TIF, JPG, PDF and Microsoft Office file formats ensure compatibility with thousands of scanning and imaging programs. ABBYY FineReader Sprint is included to easily create and manage searchable PDFs at the touch of a button.

# **DocAction**

## **Plustek DocAction**

Button utility to simplify document scanning. DocAction enables you to specify your personalized scanning configuration settings and scan documents with the click of a button. Scanned documents are automatically sent directly to Printer, Email, Folder or FTP. DocAction also enables you to scan directly to many imaging and document management applications. DocAction saves scanned documents in all common imaging formats including JPEG, TIFF, and PDF.

## **Hardware Requirements**

Pentium IV 3.2 GHz processor One available USB Port (USB 2.0 recommended) 1GB RAM or higher recommended

800 MB free HDD space (1 GB or larger recommended

### Specification

Light Source LED Optical Resolution 600 dpi Hardware Resolution 600 x 600 dpi Scan Modes Color: Input 48-bit, Output 24-bit Grayscale: Input 16-bit, Output 8-bit Black & White: 1-bit 1. 50 sheets (A4/ Letter, 70 g/m² or 18 Lbs), Max. thickness under 10 mm (0.4") 2. 25 sheets (A3, 70 g/m² or 18 Lbs) Note: Maximum ADF capacity varies, depending upon paper weight." # Plustek T300

The Plustek T300 is a high practicality A3 sized document scanner that features 20ppm (40 ipm) scan speed in color grayscale and B/W mode and 4,000 page per day duty cycle. Industry standard TWAIN driver ensures compatibility with almost any document imaging application. These features help not only education but also other industry, such as the legal department.

# **❖**KEY FEATURES —

- A3 size scanning area
- Easy-to-use single touch buttons, design for scan, OCR, PDF and Email
- 20ppm (40 ipm) scan speed (Grayscale, 300 dpi, A4 Landscape)
- Scans documents up to 200" long
- Searchable PDF files format availible
- Advanced image enhancement to automatically straighten and rotate pages, adjust brightness, detect

# High practically features and flexible to integrate

The Plustek T300 is suitable for integration purpose, for example, it can integrate with OMR and implement in the education. Or you can simply use our bundled software DocAction to configure your scan settings. See our website to see how we can help others.

# Seachable PDF files format and TWAIN compliant availible

The bundled softwre- ABBYY FineReader can help you do OCR to generate the searchable PDF. The Plustek T300 is not only help you digitalised your large format document, but also help you do the filling job and meet the future data search purpose. The Plustek T300 also allow you use TWAIN compliant to scan.

# Easy-to-Use

Single-touch customizable button automates up to 9 frequent scanning jobs (e.g., Scan to PDF, Scan to file, email, network share, copy, etc.) The innovative automatic wake-up function turns the scanner on as soon as documents are placed in the feeder.

Fast scanning at speeds up to 20ppm/40ipm in Grayscale, B/W and color node with 200dpi or 300 dpi

Digitize paper business cards into easily-managed and sorted contacts, and turn your ousiness cards into

Save paper documents as searchable PDFs at the touch of a button and find your formation faster.

Allows you to easily upload files or scanned images to the

It can automatically crop your image or document according to your document edge.
